IMPORTANT SAFEGUARDS AND PRECAUTIONS

SAVE THESE INSTRUCTIONS

When using electrical appliances in general, basic safety precautions should always be observed, including the following;

- Always turn the unit off, when not in use. Leaving it on will shorten the life of the battery.
- The Sealed Lead Acid Battery is not replaceable.
- Should you find the quality of the light deteriorating, recharge the battery using the 12v car adaptor or Mains Adaptor supplied.
- Do not use other adaptors or chargers.
- Do not look directly into the light, this may cause temporary or even permanent blindness.
- The LED Light is not replaceable.

WEEE/ENVIRONMENTAL PROTECTION

Disposal of Electrical and Electronic Equipment

Do not dispose of this product with household waste. For the proper treatment, recovery and recycling please take this product to the appropriate waste collection point. If you are unsure where this may be, please contact your local authority. Improper disposal may be harmful to the environment.

CHARGING

This product is rechargeable and comes complete with built-in rechargeable battery, AC Mains Charger and 12v Car Charger.

The Light is automatically turned off, when the Charger is plugged into the unit.

Approximate Charging Time is 10 hours to full capacity.

NOTE: Charging times may vary depending on the source.
